Best Affordable & Advanced Best Cutter with Best Cutter with Positive Negative
Overall Portable Cutter Cutter Scanning Capability Embossing Capability Feature Feature

Number of positive features: This value equals to the sum of all the green marked features for an item. For every product, there are some positive(marked green) and negative(marked green) and negative(marked red) features. We summed up all the green marked features to calculate this value.

Rating frequency: This value indicates how frequently a product is receiving every 10 ratings on Amazon. Com. This gives an idea of how frequently a product is getting told on Amazon. Usually one of every 10 persons that purchases a product rates it. A flower value here means the product is getting told at a faster rate. All three data were confected on 23rd January, 2018.

Bland/white Boxes: The boxes that are white inclined that we delive find mention of those features anywhere on the internet for those products when we conducted our research. We couldn't come to a conclusion about those features when we personally tested them as well.

So we left them bland/white.

Price: Price on Amazon.com on 23rd January, 2018.

Average Rating: The everage rating it has out of 5 on Amazon.com till 23rd January, 2018.

Total reviews: The total number of rating/rejevens it received on Amazon.com coll 13rd January, 2018.

Ps. For some points where positive or negative cant be determined easily (for example rating frequency, price etc.), we took an average value and made everything that is equal or above that value green and anything lower than that red.
